“Lord, help me to maintain a well informed conscience and give me the courage, determination and perseverance to train the conscience of each of my children.”

Amen

HAPPY MOTHERS’ DAY: “WITHIN THESE WORDS LIE LOTS OF THINGS”

“I’d like to be an ideal mother, but I’m too busy raising my children.” Author unknown.

Even though this might be the situation for you, make sure that on Mothers’ Day you are not too busy to take time to rejoice in yourself, because:

“Happy Mothers’ Day means more Than have a happy day. Within these words lie lots of things We never get to say.”

It means, I love you, first of all, Then thanks for all you do. It means you mean a lot to me And that I honour you.” Nicholas Jordan.

For many years now, psychologists have been saying that the bonding of a baby with its mother in the first few minutes of life is vital for the stability of the newborn child. The mother-infant bond is an intense relationship of unparalleled human affection. It is the foundation of the child’s emotional and physical survival. No wonder the saying: “Mothers hold their children’s hands for a short time but their hearts forever”, Author unknown and no wonder the Chinese proverb: “There is only one pretty child in the world and every mother owns it.”

There are many ways to answer the question, “What is Motherhood?” and one of those ways might be that Motherhood means sharing in the creative power of God. Conceiving, carrying and giving birth to a human being, is as close as any person can get to the act of creation. This is the beginning of Motherhood but it is far from the end. Motherhood is also about nurturing, sacrificing, loving and, ultimately, letting go.

“I believe in the love of all mothers and its importance in the lives of the children they bear. It is stronger than steel, softer than down, and more resilient than a green sapling on a hillside. It closes wounds, melts disappointments, and enables the weakest child to stand tall in the fields of adversity. Thank God for mothers and thank mothers for helping us to understand an all-loving God.” Jan Crouchin. Extract: Mothers’ Day Creed.

**2014 ENROLMENTS**
4. 2014 Kindergarten Enrolments close on Friday 10th May.
If you know of any families considering enrolment in Kindergarten or Grade 7 in 2014, please inform them that Application Packages can be collected from either College Office or by phoning for a package to be mailed to them.
Conscience has been described as the trained ability of judging between right and wrong in human conduct. It is the trained ability of judging, a function of the human mind of judging. A Christian conscience is the human mind enlightened by the Christian faith. Because of Baptism, it is not only the parents but also the Holy Spirit who dwells within the child. However because of the Sacrament of Christian Marriage, parents are conferred with grace to form the conscience of their child.

Forming a child’s conscience is a great privilege for a parent to exercise. Nothing is more important than training the mind of a child, so that they can live in harmony with themselves and in harmony with God’s Spirit within them. Forming a child’s conscience is a sacred duty; either the parent will form their child’s conscience or someone else will. Forming a conscience of a child is training that child for a life of happiness, not an untested life but a life built on correct choices. It is worth remembering that there is nothing in the mind that was not as first in the senses. What we have seen with our eyes or heard with our ears, touched with our our hands or tasted with our tongues, these are the seed beds from which all our ideas come. As parents, we need to ensure that the images, sounds, feelings, tastes which our children experience, are those that will provide the foundation for sound moral and spiritual ideas in the minds of our growing children.

Dear friends of the College,

Welcome back to Term 2, 2013!

At the end of last term Brendan Gill and myself sent some feedback forms to families to fill in. Thank you to the many families that took the time to share their views. Brendan and I are in the process of finalising a report that summarises these ideas as well as those of the staff.

One of the most frequent comments made was the positive atmosphere around the College. Many factors can contribute to this, but I think that one of the most important is our adoption of School Wide Positive Behaviour Support. Families with recent associations with the Kingston Campus would know this better under the banner of “The Four Bs”. This year, under the guidance of the Kingston Campus, our Year 10 Student Leaders have worked hard at creating a whole College feel to SWPBS. Here are the four posters that are in each classroom in the College.
The next step is to create a “Whole Campus Expectations Rubrics” that cross-references each of these BE-attitudes with an area of the campus. Again the Student Leaders will take the lead in working with the students to create this. Stay tuned for the results!

All the best for the week ahead

Mr Brendan Gill

WELCOME BACK
Welcome back to all families. I hope all students are refreshed and ready to learn. There have been a number of positive comments from staff and parents about our new four term structure. It was certainly noticeable at the end of term that students and staff were not as tired. This is a very positive move educationally and should have a positive impact on the quality of teaching and learning at the school.

EARN & LEARN
We are collecting Woolworth’s Earn and Learn vouchers at the Kingston Campus. If you shop at Woolworths and would like to contribute, there is a box in the school office or vouchers may be handed to your child’s class teacher.

NATIONAL BROADBAND NETWORK
After a considerable effort, St Aloysius Kingston Campus is now connected to the National Broadband Network. Thank you to Harry Anjewierden and Tim Poulos for their work in this area. A speed test revealed our connection at 89Mbps. That is faster internet than 99% of Australia. This gives us a real opportunity to be at the forefront of ICT teaching and learning.

Character and Resilience Building Session
‘People grow through experience if they meet life honestly and courageously. This is how character is built.’
Eleanor Roosevelt (1884 - 1962).

Mrs Denise Long from the Catholic Education Office will be presenting a ‘Building Resilience in our Children’ session for parents early this term. The session will be held in the Sisters of Charity Centre from 6.30pm - 7.30pm, May 27. Denise will explore strategies that parents can use to grow character and resilience in young children. Denise will also be working with staff. Refreshments and lucky door prizes will be provided by our wonderful P&F. RSVP forms will go out this week for numbers and catering purposes. Every student that returns a form goes into the running to win one of five Original Spaulding High Bounce Balls.
FEEDBACK

I would like to thank all parents for the returned feedback forms. There were many areas to celebrate as a College and a number of areas in which we have the potential to grow. Educational institutions must seek and respond to feedback if they are to offer a high quality education in 2013. I will be working closely with Joe Sandric on our Medals and Missions in an aim to respond to parents early this term. Even though the time has passed in terms of returning formal feedback, please be aware that ‘my door is always open’. I especially like positive feedback!

VINNIES/MINI-VINNIES – LIVE BELOW THE LINE RICE DAY
This Thursday 9th May

This week three staff and two students have taken on the challenge to live on only $2 a day for five days. To support these people, Vinnies will be having a rice lunch tomorrow, Thursday 9th May, for Huntingfield students. A number of students and staff have signed up today to have a simple rice meal on Thursday to stand in solidarity with those less fortunate in our world. All money raised through Live Below the Line will be donated to those living in extreme poverty in countries such as Cambodia and Papua New Guinea and assists with education and training of young people. If you would like to donate to our St Aloysius Team, you can donate online at https://www.livebelowtheline.com.au/team/st-alloysius-tas. As a team, we have already raised over $1,000. All donations are tax deductible. For more information about this wonderful campaign, please check out the website: www.livebelowtheline.com.au.

MAY – THE MONTH OF MARY
In the Catholic tradition, the month of May is dedicated to Mary, the mother of Jesus. There are many prayers to and about Mary including the Hail Mary, Hail Holy Queen, the Rosary and the Magnificat. Classes on both campuses will devote some of their morning prayer time to these and other prayers about Mary. You can find these prayers and others at the following link: http://www.marypages.com/PrayerstoMary.htm
Please find attached a faith information sheet on Mary.

ARISE AND SHINE - VINNIES LEADERSHIP RETREAT

On the 19th of April, the first weekend of the holidays, we went to the Orana Guide camp to participate in the Vinnies 'Arise and Shine retreat'. The retreat consisted of various activities such as laughing workshops, a buddy day with the Bright Stars Children from Down Syndrome Tasmania, as well learning how to break free from the 'norm' and stepping out of you comfort zone to express the 'true you'. Over the three days friendships were created and amazing memories were made. We were very lucky to be a part of this camp.

The TCEO MRE Team were given feedback that you valued the February newsletter. People especially appreciated the list of PL opportunities.

News

Congratulations to Kate Longey who has won the prestigious 2013 UTAS Faculty of Education Teaching Excellence Award in the education category of the Tasmanian Young Achiever Awards! An Old Scholar of GYC (2012) and Dominic College, Kate currently teaches in the inspirational Magone Program which supports students at-risk of school refusal and withdrawal. More of the story at http://hobart.catholic.org.au/media/news/teaching-award-dominic-teacher

My first six months is nearly up and I hope you feel you’re getting some value from my work. The MRE Team is certainly working hard. The biggest priority continues to be refreshing and renewing the Good News for Living RE Curriculum. I have visited many schools, meeting Principals, APREs, RECs and PPs and have been communicating via a blog (tonybrennan.blog.com). The biggest work on my desk has been GNFL related to developing Assessment Strands, scope and sequence, updating Standards - primary and secondary. You may have heard the interesting conversation that has developed around what has been called ‘the Catholic Curriculum’. Planning begins soon via a steering committee for a 2014 MRE Conference. Let me know if you would like to be linked into to conversations relating to any of these. ACTION: Please RSS subscribe to my blog now and ideally leave a comment, so you join the blogger-sphere!

Editorial

Have you heard we have a new Bishop of Rome? Of course it cannot be long before we also have a new Archbishop of Hobart. These are extraordinary times in our church, local and global, and we have seen modelled by Pope Francis a humility, simplicity and compassion for the poor that has lifted morale in tough times. Pentecost has come early this year!

A few more Spirituality Day ideas
Some schools are still negotiating about the timing, process and focus of their 2013 Spirituality Days, intended to be
for all or most staff. We listed some ideas last time and can add a few here. These days are intended to explore the Christian Faith and Catholicity in an inclusive and engaging way. Some themes that we could help offer include ‘Christian Meditation’, ‘Enneagram’, ‘Courage to Be’, ‘MJR as a Staff’ and ‘Forms of Prayer’. In addition consider ‘Eco-conversion and Sustainability’, ‘The Catholic Curriculum’ and ‘Catholic Social Justice Teaching’.

Jerusalem Pilgrimage
The list of 2013 pilgrims is hereby announced and I am very proud to be among them:
Fr Michael Delaney, Mark Garnsey, Sr Gabrielle Morgan, Libby Van Tienen, Joe O’Hea, Darryl Tuppen & Peter Santamaria.

I’m urging people to apply for the ‘In the Footsteps of Jesus Pilgrimage’ in 2014 as everything I hear is that it will be a life changing experience in faith formation.

Catholic Education Week 11-17 August
This year’s theme is ‘A Time for Giving Thanks’. Many secondary schools will be participating in the Student Conference. Others, could you let Sr Gabrielle, chair of the Catholic Education Week committee, know what you are planning and our team will be keen to support you.

Inaugural Catholic Education Student Conference, GYC, Friday 16, August 2013
Secondary RECs please confirm ASAP your rough numbers to Susan Bunkum (GYC REC):
• GYC to host a Catholic Education Student Conference in 2013 for older secondary students (9-12).
• It will be on Friday 16 August, in Catholic Education Week, (9.30 am-2.30 pm)
• ‘Be the inspiration’ (making links to the Catholic Education Week theme - ‘a time of giving thanks’).

• Hobart campus of GYC.
• Peer ministering to peer, with most of the presenters and activities led by young people themselves. The schedule will be two keynotes (Cedric Melumba and Danusia Kaska) and a range of workshop opportunities (art, music, dance, sport, meditation, social justice, WYD, Leadership) giving senior students an adult-style conference experience.

Alison Hopwood

Alison is a paediatric occupational therapist and is the owner of Independent Kids – Occupational Therapy. Alison is passionate about working with families to assess and address children’s sensory issues, concentration and attention, fine and gross motor skills, handwriting, developmental skills, problem solving skills, play and socialisation and self care.

Sensory processing issues

Sensory processing is our ability to take information in from our environment and our body to put to use. For some people this may be challenging.

Sam finds tags and seams in his clothing irritating. He feels overwhelmed by sound and lights. He tends to have meltdowns over little things, finds getting to sleep difficult and can’t concentrate in a group of people. He often tends to prefer to read by himself. Sam may be sensory defensive.

Mia is very clever but finds it hard to co-ordinate her body to do what she wants it to do. She often falls and trips over nothing, she finds throwing and catching difficult. Handwriting is difficult. Mia may have difficulties with motor planning.

If you would like to find out more about sensory processing. Please join Alison
