Dear Lord,

We pray that our children will have opportunities to meet with you during their school day through their teachers and staff. We thank you for being able to learn about you through lessons and assemblies and we pray for more opportunities for them to hear about you so that they can understand you better and love you more and reflect you in their lives.

Amen

MEDIA MULTITASKING WHILE LEARNING

Do your children multitask while doing homework? Researchers tell us that students are on task only about 65% of the time when they have access to technology. Many of them cannot last even a few minutes without engaging their devices.

The bad news about this is that under most conditions, the brain simply cannot do two complex tasks at the same time. When two tasks are very simple and don’t compete with each other for the same mental resources – for example, folding laundry and listening to a radio weather report – most people can multitask efficiently. But with academic work, this is not the case.

WHAT HAPPENS WHEN STUDENTS MULTITASK?

- Assignments take longer to complete because of the time taken up with distractions and the time it takes to refocus after an interruption.
- There’s more mental fatigue from repeatedly dropping and picking up mental threads, which leads to more mistakes. Task-switching is especially tiring when students move between formal, precise language tasks and informal, colloquial banter.
- Learning is patchier and shallower.
- Students remember less well. The moment of encoding is what matters most for retention and dozens of laboratory studies have demonstrated that when our attention is divided during encoding, we remember that piece of information less well – or not at all.
- Students have greater difficulty understanding information and transferring learning to new contexts.

MULTI-TASK?

because of the time taken up with refocus after an interruption, repeatedly dropping and picking up mental threads, which leads to more mistakes. Task-switching is especially tiring when students move between formal, precise language tasks and informal, colloquial banter.

Assignments take longer to complete because of the time taken up with distractions and the time it takes to refocus after an interruption.

Learning is patchier and shallower.

Students remember less well. The moment of encoding is what matters most for retention and dozens of laboratory studies have demonstrated that when our attention is divided during encoding, we remember that piece of information less well – or not at all.

Students have greater difficulty understanding information and transferring learning to new contexts.

Multitasking isn’t a problem if a child wants to tweet while watching television, or listen to music while playing a video game. But when students are doing serious work with their minds, they have to have focus. Texting, e-mailing, and posting on social media are mentally complex, drawing on the same brain resources (like using language and discerning meaning) as schoolwork.

Much of young people’s technology use is often really about quelling anxiety – FOMO or the Fear Of Missing Out. They don’t want to be the last person to hear some news, or ‘like’ someone’s post. Constant texting, however, qualifies as compulsive behaviour that must be managed if kids are to learn and perform at their best.
The biggest problem is that students don’t believe this is a problem. Many young people think they can perform two challenging tasks at once, but this is not so.

What can parents do? Accept young people’s use of technology, but draw a firm line on using it while doing schoolwork, emphasising that this is a time when you concentrate on just one thing.

Acknowledgment: “You’ll Never Learn! Students Can’t Resist Multitasking, and It’s Impairing Memory” by Annie Murphy Paul in Slate, May 3, 2013

VISIT BY ARCHBISHOP ADRIAN
Archbishop Adrian will be visiting the HC on Wednesday 11th September at 10.00am so that we can farewell him, thank him for his interest in our College and to present him with a farewell gift. A representative group of students from the KC will also attend the presentation. There will be a morning tea for the Archbishop and the staff following the Prayer Service and presentation.

STAFF NEWS
On Monday, we welcomed back Ms Carol Otten, after having been on leave.

PRINCIPALS’ RETREAT
Last week I had the privilege of attending a Principals’ Retreat at Freycinet. Our facilitator was Br Damian Price, a Christian Brother, who led us on a journey through the power of prayer. Some of the key messages that I took from the amazing experience that I had were:

“Can you leave that which is urgent and attend to that which is important?”
“What we do with our hearts affects to whole universe.”
” We are called to be salt, light, yeast and seed in our personal and professional lives.”

Damian led us through the wonderful Gospel stories of the Prodigal Son and the Samaritan Woman at the Well. I gained a much deeper understanding of those powerful stories that Jesus told and how both stories are reflected in each and everyone’s lives.

Principals and teachers often don’t have the privilege to reflect on prayer and Gospel stories because the ‘urgent’ most often takes over the ‘important’. It was a truly incredible experience for me to spend two days in the grace and calmness of Freycinet and to be led on a journey of personal and professional discovery.

CHESS CHAMPIONSHIPS
Tomorrow we are expecting over 50 primary school students from many southern schools who will be competing in the Interschool Chess Championships at the Sisters of Charity Centre.
On Wednesday, 11th September, a Chess team consisting of Davis Kim, Bradley Vince, James Kim and Jet Jankiewicz will be competing in another Interschool Chess Championship at Rose Bay High School.

“Lord, teach me to smile, so that the joy of Your presence within me, may be shared with others. Amen
Dear friends of the College,

**DOES FOUR TERMS MAKE A DIFFERENCE?**
Maybe it’s that I’ve got back from Long Service Leave and missed the first four weeks of term, but I think I would be correct in saying that the change to four terms is having a positive impact in the school environment. At this stage in the three term structure of before we would be coming up to the end of term two, a dark and cold term that comes after a long and drawn out first term.

What I see as I walk around the Huntingfield Campus is a freshness. Today the Ovals and Basketball Court were full of students playing ball sports. In classrooms there is energy for learning and a diverse array of learning opportunities to take up. From Band practices after school to swimming in Year 5 and 6 and everything in-between the campus a buzzing with positive energy. It’s incredible what a little of a restructure can do!

**FEEDBACK**
Speaking of restructuring, at the end of Term One you would remember that Brendan and I asked for feedback on the operations of the College. This feedback is on the website for all to see but more importantly has informed the decision-making around the College. Your input and insight has been invaluable in guiding the two of us, in particular, as we have taken on new roles this year.

Soon you will have this feedback opportunity again. Stay tuned for detail on how to have your voice heard.

**AITS-L**
One of the areas we are working at this year, that was seen as an area for growth from a Staff and Families area from our Feedback in Term One, is increasing the good quality of Teaching and Learning even more. To this end the College Leadership Team has been working on a Teaching and Learning Framework, refining Learning Support at the College and using the AITSL framework to improve teaching and learning. You might like to look up the following website and see for yourself what AITSL define as good teaching? Stay tuned for more information on how we are using this framework at the College. The website is: [http://www.teacherstandards.aits.edu.au](http://www.teacherstandards.aits.edu.au)

**BUGS AND BEES**
One of the new things we do this year at the Huntingfield Campus is start the week on Monday mornings with each short assembly in each Learning Centre. We have called these the Bugs and Bees! “Bugs” for the things that are bugging us that need to be improved and “Bees” from our BE-attitudes that affirm the great work by students around the place. Each of the classes in the Learning Centre take it in turns of leading the Bugs and Bees but it is generally the Pastoral Coordinator that has a bit to say.

Why not give them some information for the “Bees”? Mrs Duggan (in Mrs Heyward’s absence), Mrs Bonnitcha and Mr Freeman would love to hear from you if you notice some of their charges do well.

Have a great week.

Joe Sandric

---

**FRIDAY TRAFFIC IN CHURCH CAR PARK**
Please be aware that there is a funeral at Christ the Priest on Friday at 2.00pm. This will mean increased congestion in the adjoining car park.

**ASSEMBLY TIMES**
Upcoming assemblies:
**Tuesday, September 10**: 2.10pm – Hosted by 1K
**Friday, September 27**: 11.30am – Hosted by Prep WH (Footy Colours Assembly)
All families and friends of the College are welcome to attend Kingston Campus assemblies.
FATHER’S DAY AT THE KINGSTON CAMPUS
Thank you to the P&F for the marvelous Father’s day stall last Thursday at the Kingston Campus. The support from our community is one of the true strengths of our College. I hope all the fathers of the College had a great day on Sunday.

A BUSY FEW WEEKS AT THE KINGSTON CAMPUS
The Kingston Campus is wonderful, we have so much wonderful and varied learning happening. As an adult, it is easy to forget that many of life’s key lessons and skills are taught in the early years of schooling! I asked a few of our students to write about their experiences in the last two weeks:

Swimming
I liked swimming because the instructors were very nice. They taught us new styles of swimming and we had lots of fun.
By Olivia Perry

Fire Safety
Prep to Grade Six have been going to Firefighter Barry to learn what and how to do something in a fire. It has been a wonderful time for classes in Prep to Six experiencing more and more ways to keep our houses safe. Lessons we learnt:
* Always have a working smoke alarm.
* Make sure that you have a meeting spot.
* Always stay low.
* In a fire close doors behind you.
* Have an escape plan.
* Have two exits from sleeping areas.
By Samantha Brooks and Oliver Saturno

Kingborough Sports Centre
The sports centre is lots of fun and I learn new things (Serafina)
All the different sports are great that you do for two weeks (Charlotte (Kevin))
I like trying the new sports at the sports centre (Annie)
I had fun because I got to spend time with my friends (Tyler)
I thought squash was fun and interesting. I might play it again (Kane)
It is good to learn new things (Matt)
All the leaders at the sports centre are nice (Chloe)
I like to learn how to play table tennis (Alice)
I thought it was fun how you swapped around every two weeks (Callum)
You learn new skills and it helps with my learning (Amber)
Thank you Mrs White for organising the sports centre for us (Ben)
I have never experienced anything like that before (Alex)
**CLUSTER DAYS**
Kingston Campus class teachers will be away for one day over the next week attending Tasmanian Catholic Education Cluster days. These days are for teachers throughout the Southern Region to meet, moderate work, plan and talk through specific issues at their grade level.

**BETTA-BEE**
At St Aloysius Catholic College- Kingston Campus we actively teach and reinforce desired behaviour. We have four main expectations of behaviour: Be a Learner, Be Safe, Be Fair and Be Respectful. The four B’s are consistently reinforced throughout the Campus and we have a very special mascot, Betta Bee who assists with reinforcing these expectations. This year we introduced Betta-Bee cards as part of our positive behaviour support program. Class teachers and specialist staff hand out Betta-Bee cards to students exhibiting desired 4 B’s behaviour.

* Five Betta-Bee Cards = First Betta Bee Certificate presented at assembly
* Ten Betta-Bee Cards = Second Betta Bee Certificate presented at assembly
* Fifteen Betta-Bee Cards = Third Betta Bee Certificates and a BRONZE BADGE presented at assembly.
* Cycle repeats itself = SILVER BADGE
* Cycle repeats itself = GOLD BADGE

Please note that students are acknowledged for each certificate after the Bronze Badge stage but do not receive a hard copy. The Campus is very happy with our Badge system and students proudly wear the badges around the College grounds. We have also been regularly contacted by parents who use the ‘Be...’ language at home, some going to extraordinary lengths to emulate the College’s program.

---

**P&F MEETING**
The next Meeting will be held tonight Wednesday 4th September commencing at 7.00pm. The meeting will be held in the Parish Meeting Room located under the Church. Everyone is welcome to attend and we would love to see you there. For any further information regarding the P&F, please feel free to contact Angela Cassidy atscassidy@bigpond.com or 0438 393 638.

**FATHERS’ DAY STALLS**
The Fathers’ Day Stalls held last week at both Kingston & Huntingfield Campuses were a great success with over 750 gifts sold. We would like to thank all our lovely helpers at the stalls and all the students who supported the stall. Further details will be provided in the next P&F Newsletter. We hope that all fathers enjoyed their day and gifts from the stalls. We welcome any feedback via Grade Reps or to Angela Cassidy (details above).

**COLLEGE & PARISH FAIR 2013 – SUPPORT BUSINESSES THAT SUPPORT OUR COLLEGE FAIR**
To see further details of some of the businesses that support our College Fair go to the College Website http://www.staloysius.tas.edu.au. Select Community, Parents and Friends Association, Fair Supporters. Clink on the business name and see their details.

Angela Cassidy, President
Parents & Friends Association
SENIOR DRAMA
Welcome to the world of Anton Chekhov, an eccentric writer who suffers from severe writer’s block.

The 2013 Senior Drama class present an amusing Russian comedy that follows the mind-wandering adventures of Anton Chekhov. He, partnered with some other unconventional characters, find themselves in a few rather odd situations. Laugh with them as they explore their strange circumstances, question their debatable theories and snigger at the misfortune they face as these far from ordinary personalities take to the stage.

Tickets available from the front office from the 9th of September - Gold Coin Donation at the door.

An invitation to all St Aloysius Soccer Club players, coaches and parents

End of year BBQ and presentation

7th of September - 2pm

Sisters of Charity Hall

Look forward to seeing all soccer players, coaches and parents there.

Penny Driessen, SACC Soccer Club President
CYBER SAFETY
The online world is full of fantastic opportunities for you and your children. At the same time there are dangers to be aware of, just like in the real world. This segment aims to alert you to some of these dangers and offer ideas for safeguarding your kids.

Tip of the week: Kids can make free text, video and audio calls from their Wifi device. Apps like Skype, Facetime and Viber (there are others) provide phone like services over Wifi. Kik Messenger is becoming a popular app for sending text and image messages as well as directing others to posts and blogs. These are great tools of communication that can falter when used without common sense.

Did you know: “Cyberbullying is the use of social media, e-mail, instant messaging, chat rooms, mobile phones, or other forms of information technology to deliberately harass, threaten, or intimidate someone. The problem is compounded by the fact that a bully can hide behind an electronic veil, disguising his or her true identity”. Read more, including advice: http://icybersafe.com/home/cyberbullying/

Give this a go: Use this video to start a discussion with your child: http://www.youtube.com/watch?feature=player_embedded&v=_o8auwnJtqE

Links: http://www.cybersmart.gov.au

Remember: The internet and social networking are very important to young people. Encourage your child to talk to you about their networks so when something goes wrong they tell you about it. It is important that they do not fear loss of internet access if they tell you something, otherwise they may choose not to. Strike a balance.

ALERT: Australian Communications and Media Authority (ACMA) Cyber Safety awareness presentation will be held at St Aloysius Huntingfield campus at 6.00pm on Tuesday 24 September. Put this in your diary – all welcome.

Chris Littlejohn
ICT Manager
RELIGION IN GRADE 5

5MD has been studying the Sacraments. The students were asked to choose one of the Sacraments of Initiation and produce a PDF document that included the following: the sacrament's name, a short definition, the liturgy name, ritual, symbol, an original photo that represents the sacrament, a scripture quote related to the sacrament and an original quote/interview. Here is an example from Jet Jankiewicz.

**Baptism - Christianity**

**Baptism:** A ceremonial immersion in water, or application of water, as an initiatory rite or the Sacrament of the Christian Church.

Dictionary.com

**Baptism Ritual**

At its most basic, it involves application of or immersion in water, a blessing, and the pronunciation, “I baptise you in the name of the Father, the Son, and the Holy Spirit.”

At that time Jesus arrived from Galilee and came to John at the Jordan to be baptised by him. But John tried to make him change his mind. “I ought to be baptised by you,” John said, “and yet you have come to me!”

But Jesus answered him. “Let it be so for now. For in this way we shall do all that God requires,” So John agreed.

As soon as Jesus was baptised, he came up out of the water. Then heaven was opened to him, and he saw the Spirit of God coming down like a dove and landing on him. Then a voice said from heaven. “This is my own dear son, with whom I am pleased.”

Matthew (3.13-17)

Interview:

JJ “Is being baptized important to you?”

DM “Yes, because it is important to me to be part of the Catholic community here in Tasmania just like my family.”

JJ “Who are your Godparents?”

DM “My eldest brother Nick, and my mum’s good friend Cheryl.”

JJ “Have you been to other baptisms besides your baptism?”

DM “Yes, I have been to a few and I sang at one.”

JJ “Has everyone in your family been baptized?”

DM “Yes.”
7-10 ATHLETICS CARNIVAL

The College 7-10 Athletics Carnival held at the Domain Athletic Centre was an outstanding day for many reasons. The weather was a little on the cold side but did not deter the students at all. Having 24 records broken on the day shows that the college has a range of very strong athletes which is exciting news with the upcoming SATIS carnivals.

The most pleasing aspect of the day was the participation levels. This was at an all time high and many staff mentioned how pleasing it was to see students involved in events throughout the whole day and trying their hardest against their peers.

Congratulations to Charity for winning the house shield for the second year running and well done to the staff relay team for finally breaking their run of losses and narrowly winning the 4x100m relay.

Below are our Champions and Runners Up for the Track and Field categories.

**U13: CHAMPIONS**
- Boys Track: Lucas Griggs
- Boys Field: Lucas Griggs
- Girls Track: Holly Coad
- Girls Field: Holly Coad

**U13: RUNNERS UP**
- Boys Track: Luke Noble
- Boys Field: Will Poland
- Girls Track: Georgina Newton
- Girls Field: Courtney Walker

**U14: CHAMPIONS**
- Boys Track: Jaidan Walmsley
- Boys Field: Ryan Copper
- Girls Track: Belinda Panton
- Girls Field: Belinda Panton

**U14: RUNNERS UP**
- Boys Track: Ryan Cooper
- Boys Field: Nathan Duggan
- Girls Track: Bronte Charles
- Girls Field: Brooke Saward

**U15: CHAMPIONS**
- Boys Track: Kai Hoddy
- Boys Field: Jacob Lister
- Girls Track: Ella Vanzino
- Girls Field: Alice Kelly

**U15: RUNNERS UP**
- Boys Track: Alex Placogiannakis
- Boys Field: Tom Cornish
- Girls Track: Chloe House
- Girls Field: Rachael Mathers

**U16: CHAMPIONS**
- Boys Track: Matt Kelly
- Boys Field: James Smith
- Girls Track: Harley Glenn
- Girls Field: Denbeigh Bogert

**U16: RUNNERS UP**
- Boys Track: John Cane
- Boys Field: Matt Kelly
- Girls Track: Brittany Jenkins
- Girls Field: Abi McIntosh
RECORDS:
Congratulations to the following students who managed to break a record on the day.

Courtney Walker  Female U13 1500m
Lucas Griggs       Male U13 200m, High Jump, Long Jump
William Poland    Male U13 Javelin
Belinda Panton    Female U14 Discus, Shot Put
Edwin Pretyman    Male U14 High Jump
Makenzie Adams    Female U14 Javelin
Amelia McEvoy     Female U14 Long Jump
Ryan Cooper       Male U14 Long Jump
Ethan Groombridge Male U14 Shot Put
Alex Placogiannakis Male U15 1500m
Jacob Lister      Male U15 Javelin
Ella Vanzino      Female U15 200m, 400m
Morgan Lewis      Female U15 High Jump
Alice Kelly       Female U15 Javelin
Madeline Howell   Female U15 Long Jump
James Smith       Male U16 Discus
Matt Kelly        Male U16 High Jump, Long Jump
Denbeigh Bogert   Female U16 Javelin, Shot Put

A big thank you to parents who came along to watch on the day and to Athletics South for the use of their equipment at the Domain.

Mr James Hickey
7-10 HPE TEACHER
Internationally renowned

Dr Linda Silverman

presents a workshop for teachers and interested parents on

Strategies for Teaching

Visual-Spatial Learners

The higher a child’s IQ, the more likely that child is to be a visual-spatial learner. Validation studies with our Visual-Spatial Identifier have shown that over one-third of the students in regular classrooms are visual-spatial learners. Anecdotally, we have found that three-quarters of gifted children are visual-spatial. They take great intuitive leaps. They have highly active right hemispheres, enabling them to see the big picture. They often see the answer all at once in a great, “A-Ha!” They find step-by-step learning tedious. They need time to visualize how all the parts are related to a whole; they need to be allowed to reach conclusions in their own way; they may need more time to translate their mental images into words and numbers; they need more visuals and fewer words; they need more access to computers; their work needs to be evaluated separately for their ideas and their mechanics; and they need other opportunities to demonstrate mastery besides writing assignments (e.g., PowerPoint presentations, photographic essays, dioramas, etc). This session will focus on strategies for reaching these learners.

When: Sunday, September 8, 2013

Where: Elizabeth College

Time: 9.15 am

Cost: current financial members $80; non-members $120

All welcome

Linda Kreger Silverman, PhD, is a licensed clinical and counseling psychologist. She directs the Institute for the Study of Advanced Development, and subsidiaries, the Gifted Development Center [www.gifted development.com] and Visual-Spatial Resource [www.visualspatial.org], in Denver, Colorado.

This presentation is offered as part of the full Saturday program for the conference Igniting Talent: Toddlers to Teens. Those registering for this presentation are invited to participate in the whole day from 8:30am

Book your place at http://www.trybooking.com/CJRL
KINGSTON BEACH SAILING CLUB
With the change to four terms, Kingston Beach Sailing Club have been able to change their Learn to Sail program to incorporate 3 days running at the end of the October School Holidays, before the remaining 7 Saturday morning sessions. This represents a big advantage to students in kick starting their learning. The program starts on Thursday 10th, Friday 11th and Saturday 12th October. For further details, contact Jenny Graney on 62294590 or 62295040. email: dandjgraney@bigpond.com or check out the club website www.kbsc.yachting.org.au
Kingston Beach Sailing Club is an accredited Yachting Australia Discover Sailing Centre.

GUMLEAVES BUSH HOLIDAYS
Do something FUN next school holidays!

Gumleaves Bush Holidays - Cabins – Camping – Caravan – Day Visits

ST THERESE'S SCHOOL FAIR
SUNDAY 15TH SEPTEMBER 10AM - 2.00PM
All are welcome to come and join us at our Fair on Sunday 15th Sept. Lots of exciting stalls and entertainment on offer - jumping castle, disco, merry go round, school choir, SVC School band. Chocolate wheel with great prizes - BBQ electrical goods, meat trays, hampers, vouchers etc. Stalls - cakes, craft, food, plants, books, devonshire tea and more.
### Kids Allowed in Kingborough

#### FREE Activities for Children in September

<table>
<thead>
<tr>
<th>Activity</th>
<th>Dates</th>
<th>Time</th>
<th>Details</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Egg Carton Frogs</strong></td>
<td>Tuesday 3 September (10am-11am)</td>
<td></td>
<td>Two egg carton cups, some paint, googly eyes and a red felt tongue are all you need to make this cute little frog craft.</td>
</tr>
<tr>
<td><strong>Storytime – Dog Tales</strong></td>
<td>Wednesday 4 September (10.30am)</td>
<td></td>
<td>Celebrate Hairy Maclary’s 30th birthday with all sorts of tales about our best friend, the dog.</td>
</tr>
<tr>
<td><strong>Baby Birds in a Nest</strong></td>
<td>Tuesday 10 &amp; Wednesday 11 Sept</td>
<td>(10am-11am)</td>
<td>An easy Spring craft where children will make three baby birds that sit in a cute nest made of twigs and leaves.</td>
</tr>
<tr>
<td><strong>The Very Hungry Caterpillar</strong></td>
<td>Tuesday 17 &amp; Wednesday 18 Sept</td>
<td>(10am-11am)</td>
<td>Make a colourful caterpillar out of recycled plastic bottle lids that sits on a bright green leaf. If time permits, there are a few other crawly critters that can also be made.</td>
</tr>
<tr>
<td><strong>Tactile Sensory Playgroup</strong></td>
<td>Friday 20 Sept (10.30am-12pm)</td>
<td></td>
<td>Younger children will enjoy some tactile experiences with a ‘Spring into Action’ theme. Everyone is welcome. Drop in at anytime.</td>
</tr>
<tr>
<td><strong>Spring Blossoms</strong></td>
<td>Tuesday 24 &amp; Wednesday 25 Sept</td>
<td>(10am-11am)</td>
<td>Beautiful pink and white blossoms are appearing on the cherry trees. Small balls of tissue paper will decorate a bare stem and turn it into a colourful spring craft project.</td>
</tr>
<tr>
<td><strong>Active Afternoons at the Fitness Centre</strong></td>
<td>Wednesdays 4, 11, 18, 25 Sept</td>
<td>(4pm-5pm)</td>
<td>This professionally facilitated exercise based activity has been developed for children (8-12 years) who aren’t interested in playing team sports, but would like to be active. Will become an ongoing program if there is sufficient interest. Cost $6 per session.</td>
</tr>
</tbody>
</table>

All activities, except Active Afternoons, are free and will be held at the ‘Kids Allowed’ Shop, Channel Court Shopping Centre Piazza (next door to Gloria Jeans).

*Active Afternoons* is held at the Kingborough Sports Centre, Fitness Centre. Bookings Required by calling 62118266

**CHILDREN MUST BE SUPERVISED.**

For more information or bookings, contact Council’s Community Development Officer on 6211 8228 or email: kc@kingborough.tas.gov.au

**KINGBOROUGH COUNCIL**

www.kingborough.tas.gov.au
Parenting Adolescents with Understanding Sensitivity & Engagement

When: Thursday 31 October 2013
Thursday 7 November 2013
Thursday 14 November 2013
Thursday 21 November 2013
Thursday 28 November 2013

Time: 10:00 am to 1:00 pm

Where: Centacare Meeting Room
35 Tower Road New Town

What Will be Covered
- Understanding adolescence a time of new understanding, social challenges and changing body images
- Understanding your job as a parent of a teenager—observer, advisor, negotiator, director
- Asking the question—is it serious?
- What’s worth reacting to and what’s not...
- How to hold the difficult conversations more successfully

Registration Fee
- $30 per person for the course or
- $40 per couple for the course
- $20 Health Care Card Concession

For more information about this course and to register please contact Dianna on 6278 1660 or e-mail your enquiry to centacare.hobart@aohtas.org.au

Registrations close 18 October, 2013
2013 TERM DATES

Term 3
Monday 22nd July – Friday 27th September

Term 4
Monday 14th October – Thursday 19th December
Staff finish - Friday 20th December

TERM 3 DIARY DATES

SEPTEMBER
4 P&F Meeting at 7.00pm
10 Kingston Campus Assembly at 2.10pm
11 Archbishop Adrian visiting the College
13 GRANDPARENTS AND SPECIAL PERSONS DAY
16 College Board Meeting at 6.00pm
17 Installation of our new Archbishop, Julian Porteous
19 RE Showcase Day
20 Southern Catholic Primary Schools Cross Country Event for our Grades 3 – 6 team
20 Book Week Parade & P&F Kinder to Grade 4 Daytime Disco
25 Southern SATIS Athletics Carnival for our Grades 7-10 team
27 Kingston Campus Assembly at 11.30am.
27 Footy Colours Day to raise money for the Archbishop’s Samaritan Fund
27 Tem 3 concludes.

2014 TERM DATES

Term 1 Thursday 6th February – Thursday 17th April

EASTER in 2014 is in the school holidays – Good Friday is 18th April
and Easter Sunday is 20th April

Term 2 Monday 5th May – Friday 4th July
Term 3 Monday 21st July – Friday 26th September
Term 4 Monday 13th October – Thursday 18th December

NB: Teachers commence on Monday 3rd February and finish the year on Friday 19th December.
