

# ST ALOYSIUS

## CATHOLIC COLLEGE

7<sup>th</sup> March 2017

Dear Parents/Guardians,

This year, all students in Grades 5 - 10 at St Aloysius Catholic College have the opportunity to participate in the Australian Mathematics Trust competitions. The Australian Mathematics Trust competitions are based on problem solving, a necessary life skill, and the questions are designed to recognise and stimulate talent that is not so readily identified in normal assessment.

The Australian Mathematics Trust competitions provide an opportunity for students to gain a measure of their own achievement in an external assessment situation. This year we will be participating in Computational and Algorithmic Thinking on **Tuesday 21st March** and the Australian Mathematics Competition sponsored by the Commonwealth Bank.

The entry fee per student are as follows:

Computational and Algorithmic Thinking (CAT) Tuesday 21 <sup>st</sup> March	\$6.00
Australian Mathematics Competition (AMC) Dates will be advised.	\$6.00

Students will also have the opportunity to participate in the ICAS competitions and a letter has already been sent out about this event.

**Please return the attached permission slip and entry fee in an envelope marked with your child's name and class to the Huntingfield Office by Friday 10<sup>th</sup> March.**

Samantha Crust  
**5-10 Enrichment Coordinator**

Brendan Gill and Joe Sandric  
**Co Principals**

---

### PERMISSION SLIP

Please return this slip to the Campus Office by **Friday 10<sup>th</sup> March, 2017**

I/We give permission for \_\_\_\_\_ of \_\_\_\_\_

to participate in the following 2017 Australian Mathematics Trust Competitions: (Please tick)

Computational and Algorithmic Thinking (CAT)	Tuesday 21 <sup>st</sup> March	\$6.00
Australian Mathematics Competition (AMC)	Dates will be advised.	\$6.00
