18th February 2015

Dear Parents/Guardians

MEET AND GREET THE TEACHERS
FRIDAY 27TH FEBRUARY

In a departure from previous years, instead of Parent Information Evenings where parents/guardians were invited to attend formal meetings with class teachers, this year the teachers will be at the Kingston and Huntingfield Campuses to meet with parents/guardians to introduce themselves to you and to provide the opportunity to chat with you informally at the start of the year.

These sessions are not designed to be Parent/Teacher interviews, rather they will be opportunities for you to perhaps share insights with the teachers about your children as they begin a new year at school and to discuss the year ahead. Information booklets detailing educational programs and organisational information for each year level will be available on the College website prior to Friday, 27th February.

Session times are:

Kingston Campus 3.30pm - 4.30pm
Huntingfield Campus 4.00pm - 5.00pm

The Huntingfield Campus session will include a presentation on EDMODO, the online program that is used by staff, parents and students to provide information about educational programs, homework and assignments that are set by teachers for their classes.

Starting at 5.00pm at the Huntingfield Campus will be the P&F Welcome BBQ, where families current and new are invited to attend and enjoy food and refreshments supplied by the College’s P&F Association. A separate information flyer will be issued by the P&F to invite your attendance at the BBQ.

The staff and I look forward to meeting and greeting you on Friday, 27th February.

With my regards

(Mrs) Elaine Doran
Principal
