

ST ALOYSIUS

CATHOLIC COLLEGE

3 May 2017

Dear Parents/ Guardians

It is with much disappointment that I inform you that the Primary Schools Sports Association Athletics Carnival scheduled for next Friday 12 May has been postponed until Term 3 or 4.

Today we received correspondence informing us that the St Leonards Athletics Centre will not be ready in time and there is currently no set date that it can be used.

During conversations at the time of booking the organising committee were assured that the track would be ready, even with delays but unfortunately construction doesn't always go to plan.

The new track is down, however rain has caused some delays with line-marking. This may be completed very soon, however there are a number of additional steps that the Centre needs to take from a legal point of view that will prevent use for the time-being. The track needs to be signed off as certified before it can be used. There is nothing that they can do to speed up the process. They have been very supportive and have tried their best to make it happen.

As such, the State Athletics Carnival will now be held in Term 3 or Term 4. This date will be determined at the next PSST Meeting on Thursday 22nd June.

As soon as we are informed of a new date, we will be in touch with details. We would like to again apologise for the inconvenience this may have caused.

Regards

Donna Duggan
Year 6 Class Teacher (on behalf of Nicole White)
