• With the Grade 10s leaving, as in other years, it’s a wonderful opportunity to focus in on
  student expectations. Please consider the following:

  o Be on time to all classes
  o Always be respectful in your conversations with other students
  o Always follow the instructions of teacher
  o Do not interfere with other personal space
  o Keep your classroom and yard clean

We’ve had a great year. Doing the little things right, the 1%’ers, makes a difference to the
  culture and “feel” of the College. I’m always proud to head, and I hear it regularly, about how
  you present to people outside of our community as respectful, conscientious learners. Thank
  you for your part in creating this environment.
