

9 April 2018

Dear Parent/Guardian

Digital Licence Program Grades 5 and 6

As part of our Digital Citizenship program for 2018, all Grade 5 and 6 students are asked to complete the online **eSmart Digital Licence program** provided by the Alannah and Madeline Foundation.

The Digital Licence is an **online challenge** which uses quizzes, videos and games to teach school aged children how to play, learn and socialise online in a smart, safe and responsible way.

More information about this program can be found at:

www.digitallicence.com.au

We would like your child to access and finish this challenge **at home by the end of Term 2**. When complete, you can print your child's Digital Licence or your child may inform their classroom teacher that they have completed the 7 modules and their teacher will print the certificate for them.

We encourage parents to accompany their child through this process, but do not answer the questions for them. Parental support has been identified as a key factor in building young people's digital skills, while keeping them safe online.

Your child can log into their Digital Licence using the following link:

<https://digitallicence.com.au/accounts/login/>

Their user name is: (Supplied by classroom teacher)

Their password is: (Supplied by classroom teacher)

If you have any queries or concerns please do not hesitate to contact your child's class teacher or donna.duggan@catholic.tas.edu.au. We do understand that some families may have difficulty accessing the internet at home, therefore alternative arrangements will be made for those students who cannot complete this task at home.

Yours sincerely

(Mrs) Donna Duggan
Grade 5/6 Curriculum Leader

Mrs Kate Bridge
Technology Leader
