

ST ALOYSIUS

Catholic College & Parish Fair 2017

We have Plant Stall Coordinators for 2017 !

Robyn Scallon and John Martin have volunteered to run the Plant Stall at the Fair this year.

Please help them by donating plants, seedlings, pots, plant labels and other garden-related items.

To arrange collection of donations, or if you wish to drop off items to them, please contact John or Robyn.

John Martin 0409 318 900

Robyn Scallon 6294 0857

Donations may also be dropped off at the Huntingfield campus on Saturday 11th of November prior to Fair Day, while the stall is being set up.

What can the College & Parish do to assist the Plant Stall?

- Collect ice cream containers, plant pots, icy-pole sticks (for labels) etc.
- Pot up self-sown seedlings and taking stem and root cuttings to ensure good growth by November.
- Cuttings of salvia, hydrangea, geraniums, abutilon/chinese lanterns, buddleia etc. Take any time before new buds are too developed.
- Self-rooting sections of jasmine, strawberry runners etc. These can be potted any time roots have developed.
- Rhizomes: irises, arum lilies, red hot pokers, cannas, ginger lilies etc. Separate clumps can once old growth has died or been cut off.
- Please indicate name/flower colour on a label. Cheap labels can be made from cut up ice-cream/yoghurt containers. Laundry marker writing will last a few months.

If you are able to assist the Plant Stall Coordinators please contact
