

# ST ALOYSIUS

CATHOLIC COLLEGE

24<sup>th</sup> September 2018

Dear Parents/Guardians

Next term, students while supervised will be exploring the inside components of old electrical items. e.g. cameras, computer panels, etc.

These items have been checked by both our Work, Health & Safety staff, and a qualified repairperson. They have been deemed suitable for students to explore.

Students will also wear safety or prescription glasses while participating.

If you have any concerns, or wish to advise that your child is not to participate, please contact your classroom teacher.

Regards,

(Mrs) Andrea Reece  
(Mrs) Rachel Honner  
(Mrs) Belinda Frost  
**Kindergarten Teachers**

(Mr) Brendan Gill  
(Mr) Joseph Sandric  
**Co-Principals**
