

Kingborough Helping Hands'

Sharing Tree

On Friday 1st December, the Kingborough Helping Hands' Sharing Tree will be officially opened in Channel Court outside the Woolworths Supermarket. This is the inaugural Sharing Tree for the Kingborough Community and our grade 4 students have been instrumental in making this initiative happen for our community.

It would be fantastic to have our school community support this very worthwhile project. Kingborough Helping Hands are on the look out for gifts and vouchers that can be given to others during the festive season.

During the season of Advent, we can easily support this worthy cause - instead of a family take away dinner, buying a special treat, spending money on a coffee/ice cream or having money for the canteen, we can use that money to buy a voucher which can then be left at the Sharing Tree outside Woolies in Channel Court.

In our classrooms, we are also going to have a donation jar that children can donate money to. Then during Week 10 each class will buy vouchers with the money that they raise.

What a wonderful opportunity for us during Advent to teach our children the value of thinking of others, sharing with others and giving to others.

Thank you for supporting this Outreach project,

Andrea Watt

Head of Student Learning
